#### TEAM MEMBERS!?

Ajay Modi Chandana Rao Natasha D'Souza Tushara Arakkan Vaibhav Agrawal

#### FEATURES!?

- Timer
- Introductory screen that lets the user chose the topic on which the Jeopardy game will be played.
- The game helps students revise the important topics and quickly go through questions that will help test and improve the student's preparation

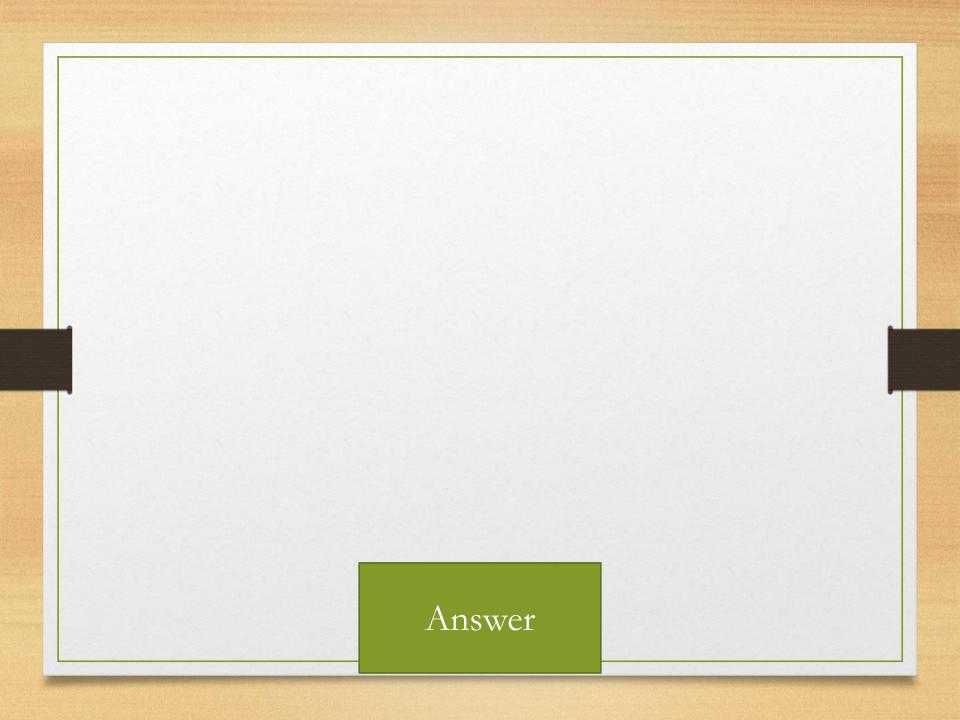

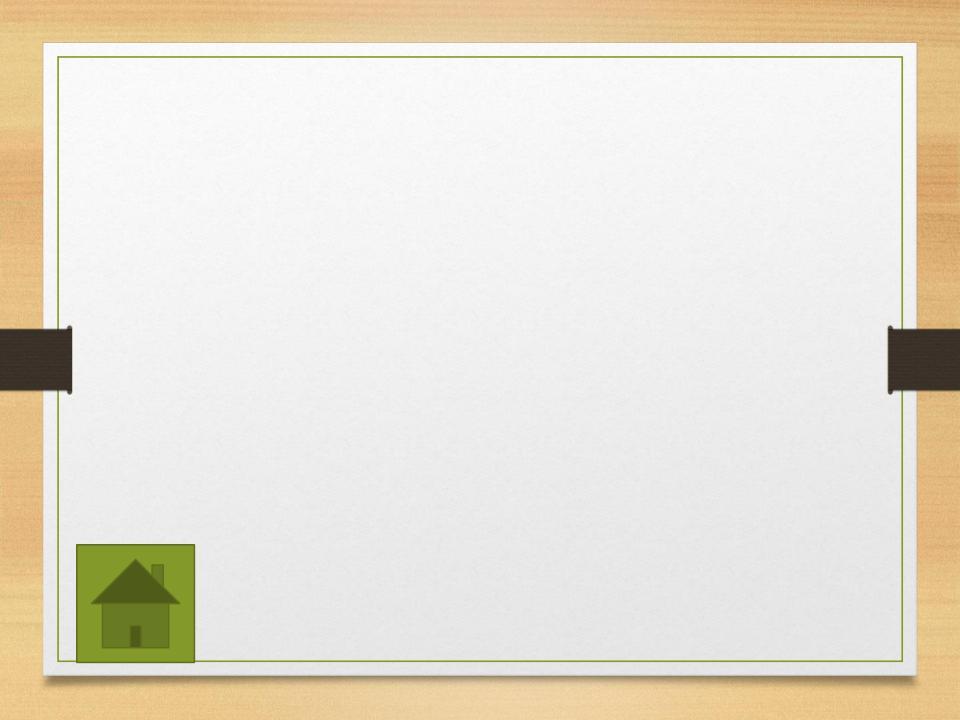

#### LATEST ADDITIONS!?

# MULTIPLAYER OPTION – what better way then to challenge your friends to a study match!

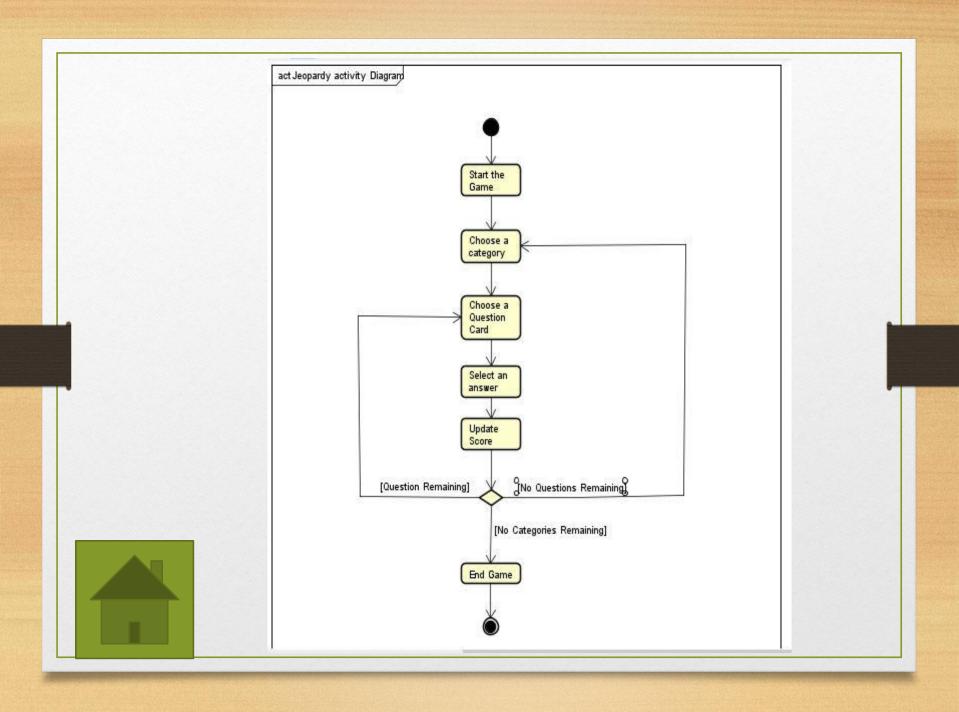

SOUND EFFECTS – to make things interesting!

#### OBSERVER PATTERN

## PROJECT HIGHLIGHTS

- Questions added through text file and therefore can be replenished and updated
- Timer to ensure that students stay focused
- Correct answer not displayed to ensure students research more

#### CONCLUSION

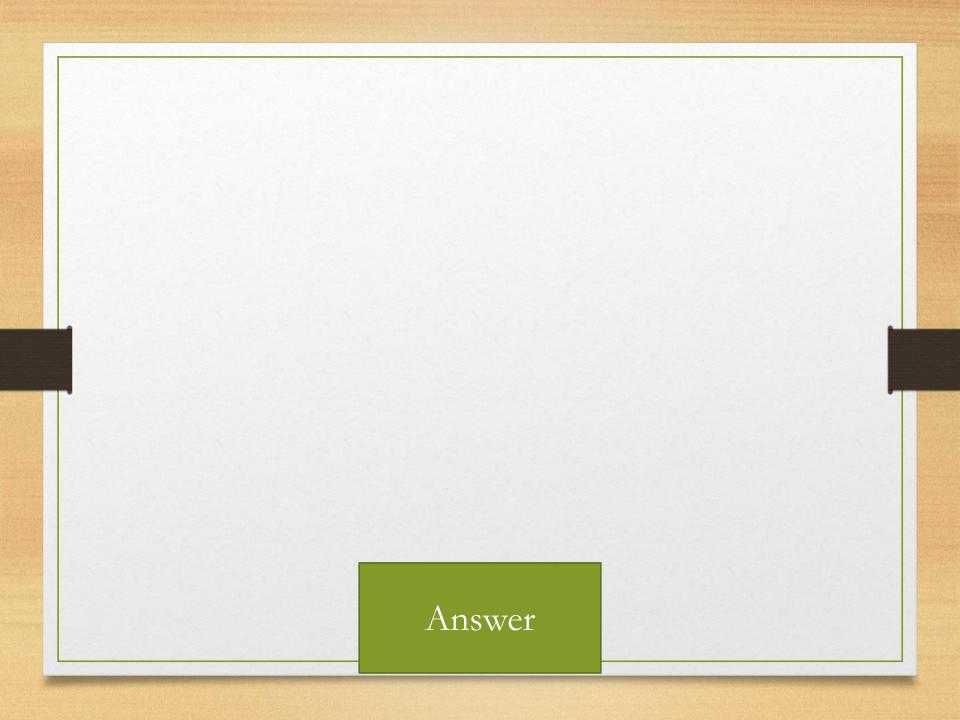

- Games are the best way to ensure students study
- Scoring helps them stay aware of how much work needs to be done.
- Multiplayer option keeps them challenged and motivated

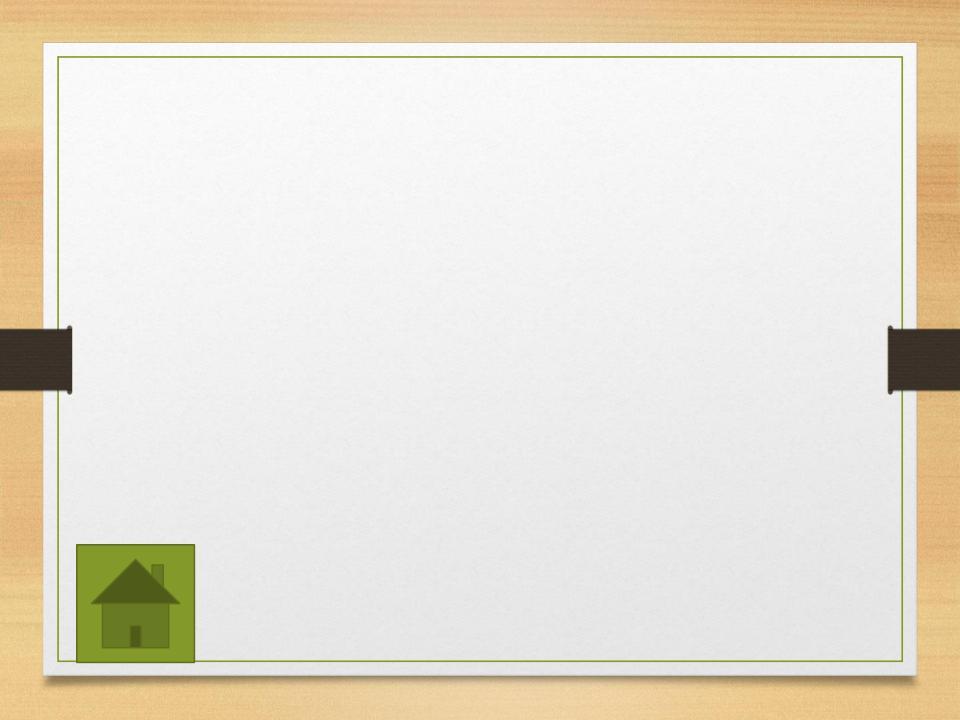

#### WHAT'S NEXT!?

Mobile app maybe?;)
